**DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE**

This is a large, three story brick detached building on a corner. It is three bays wide and approximately four bays in depth with a lower three story full width three bay long wing with a third floor side balcony and a three story wooden extension one bay long and two bays wide. The entrance to the apartments occupies the left front bay while the other two bays contain a modern shop entrance with large plate glass windows on either side. A simple moulded cornice crosses the first floor level above the entrance and the shop area. Upper story windows are either 2/2 or 2/1 sash and 2/2 or 6/1 sash on the sides and rear. Moulded hooded cornices crown the front windows. Front brickwork is laid in painted Flemish bond to the second story level and the sides and rear are in common bond. The roof of the front section slopes slightly to the rear and those over the wings slope to the side. The left wall is stepped above the roof-line and two enclosed chimneys rise from the left side. A moulded, protruding cornice on the front is supported by four large scrolled brackets, fluted and trimmed with rose motifs on the bosses and endings. In between is a row of large dentils. The building rests on a low foundation.
